

Lessons Learned Program

Phil Wheatley

*Providing for safe,
efficient disposition of
DOE spent nuclear fuel*

Goal

- *By December 2000*
 - *Identify the best sources for lessons learned information*
 - *Filter source data to obtain useful information*
 - *Populate the lessons learned data base*
 - *Improve communication on spent nuclear fuel*
 - *Emphasize and celebrate successes*

Tactics for Implementation

- *Define information sources*
- *Define information bins*
- *Choose subject matter experts*
 - *Determine the lessons to be published*
 - *Recommend distribution (target audience)*
- *Establish path forward*
 - *Custom information searches*
 - *Peer communication system*
 - *Performance Measures*

Accessing Lessons Learned

- *Internet -<http://nsnfp.inel.gov/program/>*
- *Direct E-mail distribution of critical information*

Submitting Lessons Learned

- *Access home page*
- *Contact National Spent Nuclear Fuel Program*
- *Information will be filtered*
 - *reviewed*
 - *edited*
 - *sorted*
 - *approved for release*
